

# H1Z2Z2-K

Solar Cables

## DESCRIPTION

The H1Z2Z2-K cable is a highly flexible, halogen-free solar cable for modern photovoltaic systems. It meets the highest standards for safety, weather resistance, and electrical performance - for both indoor and outdoor use.

## TECHNICAL DATA

**Standard**  
DIN EN 50618 / VDE 0283-618

**Test voltage**  
6.5 kV

**Voltage rating**  
1.5 kV

**Temperature range**  
-40 °C to +120 °C
